Student Extra/Co-Curricular Participation Policy

Revised 9/27/2012

Policy # 564

2014-2015

The following is the Dassel-Cokato Middle/High School Extra/Co-Curricular Student Participation Policy. We are asking each parent/guardian and student participant to read this document and sign the participant's pledge. The form must be signed and on file (annually) before any participant is able to participate in any extra/co-curricular activities. A student will not be allowed to participate until they have a signed participation policy on file. Participation is defined as any practice, scrimmages or contests.

The primary philosophy of the extra/co-curricular programs in the Dassel-Cokato School District is to promote the physical, mental, social, emotional, and moral well-being of the participants. The extra/co-curricular activities in our schools are intended to be a positive force in preparing youth for an enriching and vital role in American life.

The extra/co-curricular program is an important and integral part of the total school program and is open to all students regardless of individual differences. Through voluntary participation, the student gives time, energy, and loyalty to the program. He/she also accepts the rules, regulations, and responsibilities that are unique to each extra/co-curricular program. In order to contribute to the welfare of the group, the student and parent/guardian must willingly assume these obligations and make sacrifices as the role demands.

The student extra/co-curricular policy includes all students participating in the program, grades 7-12. In addition to the Dassel-Cokato Public Schools Student Handbook, the Minnesota State High School League also governs extra/co-curricular program participants.
